

NEW WAGE CONTRACT WILL BE IN FORCE ONLY UNTIL APRIL

is is Indicated in the Operators-Miners
Joint Discussion at Cleveland—Farrington
Objects to An Interstate Agreement—
Says That His Stand Will be Justified

(By The Associated Press)
CLEVELAND, O., Aug. 11.—Any wage contract that
grow out of the conference here of soft coal operators
miners probably will continue in force only until next
April 1, it was indicated today by discussion of the operat-
miners joint sub-scale committee on the general terms
agreement.
No final decision on any question was reached but the
for the expiration of the contract was brought for-
ward in considering what board or commission might be
to arrange for future negotiations. Past contracts
run for two years, expiring on March 31.
Operators declined to make public their proposal for
settlements but it was understood to have suggest-
arbitration and in this respect met with the refusal of
miners. The union leaders were said to approve a fact
ing commission of purely advisory powers.

M'CORMICK-WALSKA WEDDING OCCURRED IN FRANCE FRIDAY

Ceremony Was Said by May-
or Berthenet of
Passy

(By The Associated Press)
PARIS, Aug. 11.—Harold F.
McCormick, of Chicago, chair-
man of the executive committee
of the International Harvester
company and Mrs. Alexander
Smith Cochran, known to the
music world as Madame Ganna
Walska were married quietly to-
day in the city hall of the select
Passy district. Including the
bride and groom only five persons
were in the office of the mayor
when that dignitary made the
couple man and wife.
Dudley Field Malone, New
York, attorney for Mrs. Cochran
in her divorce proceedings
against the American manufac-
turer and Mrs. Malone were wit-
nesses. The entire ceremony
lasted less than six minutes from
the time that Mr. McCormick,
Madame Walska and the Malone
entered the city hall. The for-
mality of the marriage bans being
posted in the city hall two weeks
in advance of the ceremony had
been waived by authorities as a
special privilege.

The wedding party arrived at
the city hall at 10:30 o'clock and
were immediately ushered into
the large private room of Mayor
Berthenet. The bride was dress-
ed in a plain tailor-made travel-
ing suit of grey. She wore a
small hat of the same color and
looked to be in radiant health
and spirits.

Mr. McCormick also was
dressed in a grey suit. He seemed
to be in high spirits. City hall
officials voted a bridal couple a
finely matched pair.

After performing the ceremony
Mayor Berthenet congratulated
Mr. and Mrs. McCormick and
then, bending low gallantly kiss-
ed the bride's hand. Immediately
afterward the bride and groom,
accompanied by Mr. and Mrs.
Malone left the city hall.

The destination of the newly-
weds has been surrounded by
strict secrecy altho it is under-
stood they have not gone far.
The janitor at Madame Walska's
house asserted that the couple
had left this afternoon for Car-
bad and that the servants and
the Polish prima donna's secre-
tary would follow on a night
train. The janitor's haziness re-
garding the hours Mr. and Mrs.
McCormick departed this after-
noon caused some persons to be-
lieve the statement was given
merely as a blind to cover the
real destination.

TUG BOWLED OVER AND SUNK BY TANKER

(By The Associated Press)
NEW YORK, Aug. 11.—The
Tug Clarence J. Howland was
bowled over by the tank steam-
ship Roanoke off Staten Island
today and went to the bottom,
carrying with her, it is believed
two members of her crew of five.

The Howland had towed the
tanker out from her berth and
had just cast off members of the
crew said when for some unex-
plained reason she veered across
the bow of the Roanoke. The
tanker bumped her lightly and
she went down on her side, filled,
and went down.

Marine police searched vainly
for several hours for the bodies
of the two missing men. A
wrecking company then started
raising the tug.

HUMILITY GOOD FOR YOUNG LAWYERS

(By The Associated Press)
SAN FRANCISCO, Aug. 11.—
The humility acquired by young
lawyers in the first four lone-
some years while waiting for
clients is a good foundation for
success in the legal profession,
Chief Justice Taft today told a
class of 95 students who were ad-
mitted to practice in the Califor-
nia courts. Nine members of the
class were women.

"You will find the world is
not waiting for your services,"
he said, explaining that he spoke
from the experience of his first
few years after graduation from
the Yale Law School, "but while
you are waiting for clients, use
your leisure time to study."

KENTUCKY MINES
ARE SHUT DOWN
Earlington, Ky., Aug. 11.—
Mines here closed down today and
those on the Louisville & Nash-
ville Railroad company in Hop-
kins county will shut down to-
morrow it was announced as a
result of the strike of the firemen
on the St. Louis & Henderson di-
vision in protest against armed
guards being maintained at the
railroad shops here. The mines
have been shipping coal to all
parts of the United States.

CALIFORNIA GETS ITS FIRST TASTE OF RAIL STRIKE

Twelve Trans-Conti-
ental Trains Tied Up
at Desert Points

(By The Associated Press)
LOS ANGELES, Cal., Aug. 11.
—Southern California felt today
for the first time the full impact
of the strike of railroad shopmen
which had spread on the Atchinson,
Topeka, & Santa Fe railroad
lines, centering in Los Angeles
to include members of the "big
four" brotherhood, engineers, fire-
men, conductors and brake-
men and thereby had resulted
in the almost complete tieup of
the Santa Fe passenger transporta-
tion work and a marked retard-
ing of freight handling.

These were the principal ef-
fects of the new situation. Couple-
d with it were the marooning of
12 trans-continental trains at
desert points where from 2200
to 2500 passengers waited with
what patience they could muster
for their interrupted jour-
neys to be resumed, an announce-
ment by postal authorities that
mails would be moved north and
south by boat and east by motor
truck and a partial embargo
on perishable freight over the
Santa Fe lines.

The Southern Pacific lines
were not affected.

President Sproul said guards
objectable to brotherhood men
had been removed.

Reports that some of the big
four men employed by the Union
Pacific had walked out were re-
ceived here but there was no ef-
fect visible on the old Salt Lake
line running from here to Salt
Lake City.

The Salt Lake accepted freight
subject to delay.
Efforts were being made by the
Santa Fe to move its stalled
trains of the desert where a
high temperature and limited
accommodations added to the ir-
ritability of the delayed passen-
gers. Two of the three trains that
were halted at Barstow Thursday
night and reported to be No. 4,
the California Limited and No.
22, the Missionary were reported
to have been backed to Need-
les as the first stage of their re-
turn to Los Angeles whence they
went Thursday.

Word received from San Ber-
nardino, where 23 bombs were
exploded in and about the Santa
Fe yards early today that all was
quiet. The bombs did little ac-
tual damage.

FLEXIBLE TARIFF IS APPROVED BY SENATE

(By The Associated Press)
WASHINGTON, Aug. 11.—A
flexible tariff plan proposing au-
thority for the president to in-
crease or decrease tariff rates in
the pending bill until July 1,
1924, was proposed tonight by
the senate. The vote was 36 to
20 with three Republicans op-
posing and two Democrats sup-
porting.

With the flexible tariff out of
the way, the senate approved
provisions dealing with unfair
acts in the importation of mer-
chandise into the United States. It
then began consideration of the
so-called scientific tariff amend-
ments proposed by Senators Pre-
linghuysen, Republican, New Jer-
sey and Jones, Democrat, New
Mexico.

GUN FIGHT ENDS IN TWO DEATHS

(By The Associated Press)
SOMERSET, Ky., Aug. 11.—
Two men are dead and another is
believed to be dying in a hospital
here tonight as the result of a
gun fight last night at the close
of a religious service at Mount
Mictory, about 25 miles east of
here. The dead: Abe Nolen, lay
pastor of the Mount Victory
church, and Ester Dykes, farmer.
Ellis Richardson, a farmer, was
wounded.

Officers were told today that
Dykes and Richardson, with sev-
eral other young men, went to
church services which were be-
ing conducted by Nolen when the
avowed intention of breaking up
the meeting. They were unsuccess-
ful and departed. One mem-
ber of the congregation, fearing
trouble, obtained a shotgun and
gave it to the pastor. On his way
home Nolen, it is reported, met
two men who are alleged to have
fired on him. Nolen returned the
fire. The pastor, who recently
came here, has been active against
moonshiners.

COAL OPERATOR DENIES STATEMENT

Danville, Ill., Aug. 11.—F.E.
Butcher, president of the United
Electric Coal company which op-
erates large mines here and in
Ohio upon his return home to-
night denied the statement made
in dispatches sent out of Chicago
today that his company "has
thrown its Illinois tonnage into
the four state wage conference
at Cleveland."

Beyond denying this reported
break in the ranks of Illinois
operators, Mr. Butcher refused
to discuss the matter.

JOLIET PARLEY ENDS ABRUPTLY WITHOUT RESULTS

Neither Side Would Give
Out Any Information
as to Results

(By The Associated Press)
JOLIET, Ill., Aug. 11.—A par-
ley between brotherhood repre-
sentatives of employees of the Elgin,
Joliet & Eastern railroad and of-
ficials of that road, including P.
F. McManus, general superintend-
ent this afternoon interrupted the
plans of employees to vote on the
proposal of resuming work in the
local yards. They walked out as
a protest against the presence of
guardsmen at the yards.

The conference lasted over two
hours and ended abruptly with
Superintendent McManus emerg-
ing highly excited and nervous.
Brotherhood chiefs left in a jovial
spirit and returned to their meet-
ing hall to detail the pro-
ceedings to several hundred men.

No statements were given out
concerning the conference.
The superintendent explained
the situation was "extremely deli-
cate." Brotherhood chiefs be-
fore entering their meeting said
they had no definite plans in mind
and would meet again with the
road officials after receiving the
sentiment of their members.

Copies of the federal injunc-
tion issued in Chicago yesterday
were posted here today. Federal
marshals served notices upon the
shop craft workers named as de-
fendant. The injunction does not
apply to the brotherhood men
who have "quit work. Sheriff
Lindgren, Superintendent Mc-
Manus and other officials this
morning conferred, but did not
say what they talked about.

M. T. Abbott, general superin-
tendent of the Chicago, Rock Isl-
and & Pacific, arrived this morn-
ing from Des Moines by way of
Chicago, where he is said to have
conferred regarding the local sit-
uation. He departed this after-
noon.

That federal marshals will be
stationed in the yards here is be-
lieved the ultimate solution of
the local situation as this move
would provide for withdrawal of
guardsmen from the yard en-
trances.

MASKED MEN BEAT UP SHOP FOREMAN AT BLOOMINGTON

C. J. Krauss is in Serious
Condition as Result
of Attack

(By The Associated Press)
BLOOMINGTON, Ill., Aug. 11.
—C. J. Krauss, one of the depart-
ment foremen in the Chicago &
Alton shops here who has been
working since the strike, was seized
tonight by seven masked men
as he got out of his automobile
at his home on returning from
work and was taken to the out-
skirts of the city, where he was
beaten into unconsciousness and
left by the roadside. He recovered
sufficiently to crawl to a near-
by house where word was sent to
the Sheriff, who sent rescuers.
Krauss is now in a hospital with
two broken ribs, a broken finger
and possibly a fractured skull.

Krauss, who has been deputized
as a sheriff's officer during the
strike, says that he thinks he
recognized some of his assailants.
He claims to have received warn-
ing to quit work some days ago.

U. S. DEMAND FOR COAL HELPS BRITAIN

(By The Associated Press)
WASHINGTON, Aug. 11.—
Great Britain's economic out-
look has assumed a favorable
aspect largely as a result of in-
creased demand for coal accord-
ing to reports received today by
the commerce department from
its representatives abroad.

The unexpected American de-
mand for British coal has affect-
ed the entire British industrial
situation, commercial attaché
Tower at London reported, altho
inadequate dock and shipping fa-
cilities are impeding coal ex-
ports. Lower interest rates he de-
clared were stimulating industry
but were unemployment was on
the decline labor discontent still
marred the improved industrial
situation.

CONSTABLE SAID TO BE MOONSHINER

Winona, Minn., Aug. 11.—Mike
Schlaegel, constable in Wilson
township in Winona county was
arrested early today after his
farm had been raided and a still-
mash and moonshine liquor had
been seized according to Fill-
more county authorities.

Schlaegel was lodged in the
Fillmore county jail at Preston
in default of \$1,000 bail.

are reported crushed and a still-
war.

COAL OPERATORS OF ILLINOIS ARE STICKING TO GUNS

Determined to Settle
Strike on Arbitra-
tion Basis

(By The Associated Press)
CHICAGO, Aug. 11.—Reaffirm-
ing their determination to settle
the coal strike with Illinois min-
ers on an arbitration basis alone
representatives of the three Illi-
nois Coal Operators' organizations
who have been meeting here this
week closed their meeting and
went to their homes today.

Previous to adjournment a tele-
gram from President Harding
stating that he did not see how
Illinois Miners can refuse a pro-
posal as made by the Illi-
nois operators was made public.
This proposal was that Illinois
miners return to work at present
wages and under present working
conditions and that the contro-
versy be submitted to arbitration
the result of the arbitration board
findings to be binding on both
sides for a two year period from
next April 1.

This proposal again was placed
before Frank Farrington president
of the Illinois miners in a mes-
sage the operators sent before ad-
journment while to President Lew
is was sent a terse statement say-
ing the operators had adjourned
and criticizing the "arbitrary po-
sition of Mr. Lewis in refusing to
consider any plan except the un-
fair and unreasonable one you
have offered."

In a statement the operators as-
serted that the question involved
is the right of the public to have a
voice thru arbitration in the fixing
of wages and working conditions.
The four state method of deter-
mining wage scales was termed
"ineffective and unfair" while it
was asserted a national conference
would be equally so. The Illinois
Operators it was said have sub-
mitted fair proposals to Illinois
miners and have accepted without
reservation the proposal of Presi-
dent Harding.

Reports that the United Electric
Coal company had thrown its ton-
nage into the Cleveland confer-
ence were minimized by Illinois
operators who stated that this de-
fection from the ranks in the state
was unimportant.

INDIANA OPERATORS WILL NOT TAKE PART

(By The Associated Press)
TERRE HAUTE, Ind., Aug. 11.
—The Indiana Bituminous Coal
Operators' association tonight re-
affirmed its previous stand not to
take part in any four state settle-
ment of the coal strike or to en-
ter any temporary agreement with
the miners which did not provide
for arbitration by a government
appointed commission which
would investigate the coal indus-
try and then set a just wage scale.
It was announced that 90 percent
of the state's tonnage was repre-
sented at the meeting.

Phil Penna, secretary of the as-
sociation which stated that Indiana ton-
nage now represented at the
Cleveland conference is only 796,
000 tons annually and not more
than two and a half million as
announced there.

The action tonight was simply
in approval of similar action taken
by the state scale committee
Monday.

PREPARE TO COPE WITH DISORDERS

(By The Associated Press)
KANSAS CITY, Mo., Aug. 11.—
Preparations to cope with possible
disorders in this territory had
been made tonight by federal and
municipal authorities following
reports received by the federal de-
partment of justice by agents of
the United States that disorders
in the southwest tomorrow emana-
tion day. These reports intimated
that the anniversary of Lincoln's
proclamation freeing the ne-
gro slaves had been selected in
the belief that it afforded a fa-
vorable opportunity to incite dis-
orders among negroes.

The reports of possible disorder
followed the visit Wednesday of
William Z. Foster, organizer of
the steel strike of 1919. Mr. Fos-
ter was in consultation with local
men said to be prominent in radi-
cal activities.

PEORIA SALOON KEEPERS IN BAD

PEORIA, Ill., Aug. 11.—Serv-
ing of federal warrants on the
owners and operators of fifty
Peoria saloons, all alleged to be
selling liquor, will be started to-
morrow morning by Deputy United
States Marshal Ted Salmin
following a week's investigation
conducted under the direction of
Bryce Armstrong, former proba-
tion field agent of Chicago.
Now active group chief of the
Peoria district. The procedure
which affects sixty three saloon
operators and bartenders, is taken
preliminary to obtaining an
injunction to close the places.

ANTHRACITE STRIKE SETTLEMENT LOOKED FOR IN FEW DAYS

Prediction Was Made at
White House by Admin-
istration Spokesmen

(By The Associated Press)
WASHINGTON, Aug. 11.—Pre-
diction that the situation in the
anthracite coal region would
"come to a climax in less than a
week from today," was made to-
day at the white house by spokes-
men for the administration. No
comment was forthcoming as to
what developments were expect-
ed.

The spokesman further declar-
ed that President Harding consid-
ered the anthracite operators "the
scouts" the government has dealt
with during the present indus-
trial troubles. It was added that
the president believed that the
anthracite operators had not and
would not obstruct a settlement
in their territory.

How soon negotiations to end
the suspension of work in the
anthracite fields might be expected
was not revealed by officials but
the opinion was expressed at the
white house that a "settlement
had been delayed because of nego-
tiations pending in Cleveland for
a termination of the bituminous
strike. Both parties to the con-
troversy in the anthracite field
were said, in the president's opin-
ion, to be justified in postponing
their effort to bring about an ad-
justment because of the activities
in the bituminous situation.

Secretary Davis declared today
that the country faced a shortage
of anthracite coal which could
not possibly be made up within
the next year. There was a short-
age of at least 30,000,000 tons,
according to the latest reports
conveyed to him by officials keep-
ing in touch with coal production,
he added.

Will Refuse Priority Orders
The central coal committee
will not hesitate to refuse prior-
ity orders for fuel to mines which
do not conform with the Hoover
fuel prices. Fuel Administrator
Spencer said today.

Operators generally, he declar-
ed, are cooperating in maintain-
ing the agreed fair price but
while the federal organization has
no "big stick" to club profiteers
into line it can control the alloca-
tion of freight cars. Dumping of
coal at lower great lakes ports
for shipment to the upper lake
region has begun Mr. Spencer an-
nounced, about 70,000 tons being
delivered during the first three
days of this week. The full mo-
mentum of the tentatively ar-
ranged program for the shipment
of 250,000 tons a week to the up-
per lakes, he added, was not ex-
pected to materialize before next
week.

LITTLE PROGRESS IN PREMIER'S CONFERENCE

(By The Associated Press)
LONDON, Aug. 11.—The con-
ference of premiers which has
been in session in London for a
discussion of German reparations
tonight still was in a state of sus-
pended animation.

Spokesmen former Premier's
Lloyd George and Poincare said
they could not faithfully declare
that an agreement was assured.
M. Poincare will remain in Lon-
don until Monday. The meeting
of the premiers in official session
today and did not take place and
no time has been fixed for a meet-
ing. The whole of the day of
seven hours was taken up with
discussions which began over the
breakfast table between Mr. Lloyd
George, M. Poincare and M.
Theunis, the Belgian premier.
This evening Signor Schanzer, the
Italian foreign minister saw Mr.
Lloyd George.

These informal discussions cov-
ered a wide range of subjects con-
cerned with Germany's financial
situation. Various modifications
were suggested to the British pro-
posals. It is understood they
center on a possible moratorium
and do not imply an devaluation in
principle from the tenor of the
British proposals. The exports
committee, which is expected to
examine the modifications and if
they conclude their work tonight
they will present their report to
three premiers tomorrow.

ST. LOUIS DEMOCRATS WILL BOLT REED

St. Louis, Mo., Aug. 11.—The
executive committee of the asso-
ciation of St. Louis Democrats to-
day announced that it would
"bolt" Senator James A. Reed for
re-election and support an in-
dependent candidate. A resolu-
tion declaring Reed to be a Re-
publican was adopted.

RETURN TRUE BILL IN NEGRO HANGING

Macon, Ga., Aug. 11.—A spe-
cial Bibb county grand jury today
five persons in connection with
the lynching of John Glover, a
negro, Aug. 1. There were nine
true bills, four charging rioting
and one each for carrying con-
cealed weapons, rioting and un-
lawfully assembling.

MISSOURI PACIFIC COUNSEL IS DEAD

St. Louis, Mo., Aug. 11.—
Henry C. Herbel, general counsel
for the Missouri Pacific railroad
died today after a short illness.
He entered the employ of the
railroad as a clerk and was 64
years old.

UNION OFFICIALS ARE NOT READY TO REPLY TO HARDING

Adjourn Until Today
After Long Secret
Conference

(By The Associated Press)
WASHINGTON, Aug. 11.—
After several hours conference
behind closed doors, chief offi-
cials of the railroad labor organi-
zations adjourned tonight until
9 a. m., tomorrow declaring
themselves still unready to make
response to President Harding's
final strike settlement offer to
the shopmen and still unready
to make public the policy which
unions not now on strike intend
to follow in the circumstances.

Warren S. Stone, grand chief
of the engineers' brotherhood
and chairman of the meeting an-
nounced at its close that both
these expressions would be forth-
coming tomorrow. Officials of
the seven unions on strike will
reply to the president for them-
selves, Mr. Stone said, while the
remainder of the organizations
intended to join in a declaration
of their position to the public.

Mr. Stone in commenting on
the walkouts of trainmen in var-
ious places now progressing said
he had reports from fifty termi-
nals "where our men are facing
conditions just like those" and
added that "there might be walk-
outs" at such terminals who
completely tie up transportation.

At the white house the admin-
istration's view of these walk-
outs, attributed by the union
leaders to the presence of armed
guards, was said to be that
no strike anywhere of any char-
acter which had their purpose
the preventing of the govern-
ment from authorizing agencies
of law and order to protect life
and property would have coun-
tenance or effect.

President Harding, it was said,
does not intend to put the gov-
ernment into a threatening po-
sition in the industrial situation.

The B. M. Jewell, chairman of
the group of strike leaders as
well as Mr. Poincare insisted that
only "general discussions" had
marked the prolonged union ses-
sion, subordinate officials, par-
ticularly of the train service
brotherhoods, were continuously
in and out of the gathering.

Mr. Stone said he was con-
stantly in receipt today of reports
from strike centers and that the
instructions to train service men
were the same—that they should
not continue work at points
where their lives were endang-
ered.

Locomotives in Bad Shape

"One half of the locomotives
running today are doing so in
violation of the safety provisions
of the law anyway," he declared,
"as the interstate commerce
commission's bureau of safety
reports should show. This shop-
men's strike has not been broken
anywhere."

"Now that its come down to
a question of seniority retention"
said Mr. P. Ryan, head of the
Carmack's Brotherhood, which
among the striking organization
numbers the most men, "it isn't
the shopmen's fight. It's the fight
of every labor organization in
the railroad service."

President Harding was closely
occupied with issues relating to
the industrial situation and
Chairman Cummins of the senate
interstate commerce commission
and Senator Poincare said
leaving that he saw no present
need for emergency legislation.

Senator Cummins was said to
have begun preparation of a ten-
tative draft of emergency leg-
islation under which the govern-
ment would be authorized to take
over the transportation system
and to take such other action
as deemed necessary but it was
emphasized that with prepara-
tion should not be interpreted as
indicating that the government
along three lines had been adopt-
ed or that its necessity was not
foreseen.

FIVE DIE WHEN YACHT IS DESTROYED

(By The Associated Press)
MIAMI, Fla., Aug. 11.—Five
persons lost their lives and two
others are believed to have been
drowned when an explosion and
fire destroyed the converted
Yacht Sharon three miles off
Miami Beach today, just one hour
after it put out from here for
Nassau.

The dead are Chief Engineer
Marion Carriett, Mrs. Harry
Pond, an unidentified woman
and Elizabeth Johnson, a negro
all of Miami and Mike Plakias,
steward of the Sharon of Nas-
sau.

Which the writer can think.
—Dr. Walter Smith

The Chicago board of education pays out \$140,000 a year for the upkeep of automobiles driven by officers and employees of the board. Still they marvel that taxes are high in Chicago.

In a western city the street car company is trying out the use of a ticket sold for \$1 upon which any person may ride as many times as he pleases within a week. The experiment will be watched with interest.

There is a good deal of sound reasoning behind the plan. It does away with coupons and transfers.

encourages further street car riding and carries with it some of the glamor with which the average person surrounds a railroad pass.

Certainly paving work is moving along rapidly in Jacksonville. A contract was let for East State street work Tuesday afternoon. On Thursday the curbing was being removed and other work was so actively under way that the street was practically closed to traffic.

Senator Harrison expounded good Democratic doctrine at the chautauqua yesterday. Some of his statements pleased the auditors of all parties. The opinion of Morgan county people with reference to the full payment of all debts was indicated quite well by the hearty applause given the senator's statement that as long as he is a member of the senate he will never vote for any debt cancellation plan.

Come to think of it, it makes all the difference in the world about your point of view. Now Senator LaFollette answers the charge that he has his nerve in posing as a Republican candidate since he is so often out of harmony with Republican party principles. The Wisconsin senator says that the party deserted him and that he shouldn't be charged with the desertion.

There was the Herrin massacre, the Joliet riot and numerous riots in other parts of the country where shots were fired and lives were lost. Still we go on manufacturing revolvers and pistols and selling them under very high restrictions. The sheriff of Will county has issued an order that no fire arms shall be sold in that county until further notice.

It is after these tragedies that the question usually comes up why the sale of fire arms should not be prohibited. The absence of pistols and revolvers would make rioting a comparatively harmless diversion.

THE SINGING DEMON

Mosquitoes bite us only as a last resort—when they are unable to find any other kind of prey.

You may doubt this, but it comes from the man who is supposed to know more about mosquitoes than anyone else in the world. He is Dr. W. Rudolfs, scientist on the payroll of New Jersey.

Rudolfs' investigations show that a mosquito will pass up a human any day for a horse, cow, dog, rabbit—any kind of animal except chickens and ducks. Just why they steer clear of fowls is unknown. When science finds out, it may open the door to immunization of the man-animal against the singing, stinging demons.

The mosquito is the universal pest. It is found in all parts of the world. Steffansson, the explorer, says there are more of them in northern Greenland than in the equatorial jungles.

Here's a riddle of nature: The mosquito never feeds when the atmosphere's humidity is under 40. Its appetite goes up with the barometer.

The mosquito is a biting fly. It hatches from eggs laid in stagnant water. Its life usually is only a few months. Some kinds, however, live all summer. Others hibernate thru the winter, in warm stage, and emerge in spring from ice in which they have been frozen solid. With vitality like

BERTON BRALEY'S DAILY POEM

Humidity

By Berton Braley

My gosh, I get weary of rain,
It seems to seep into my brain;
A little wet weather I don't mind a bit,
But when it continues it gives me a fit;
And whether in country or town,
Jupe Pluvius gives me a pain;
I growl and I scowl and I frown,
My gosh, I get weary of rain.

I KNOW it is "good for the crops,"
But I like it best when it stops.
And if it pours steadily, day after day,
I warn you distinctly, keep out of my way!
I rant and I rave and I roar,
I bite little babies in twain,
I swear at the skies as they pour—
My gosh, I get weary of rain.

IT'S no fun to walk or to drive,
I just feel one-quarter alive;
You cannot play tennis or golf in the wet
And—inside the house, oh, how grouchy I get!
Come, Jupiter Pluvius, have a heart;
From sending down showers refrain,
Avaunt, get, skeddadle, depart!
My gosh, I get weary of rain.

that, no wonder they are so hard to exterminate.

The song of the mosquito—saddest music that ever reached human ear—is a sort of lull and throat rasp caused by breathing. Flies are different, their hum is caused by fast whirling of their wings—like an airplane propeller. No public problem is more pressing and emphatic than the mosquito tribe when they are present. The germs they carry kill thousands of people, usually by malaria, typhoid and other fevers.

Man may never be able to exterminate the mosquito. But we can keep him in bounds, away from cities and open places in to prevent stagnant water. A rusty old tin can with a little stale water in it will breed more mosquitoes than any one person can swat in a lifetime. That's your cue.

IN MEMORIAM
Sister Martha Ellen Neill was born July 17, 1840 near Stanton, Augusta Co., Virginia. Died July 28, 1922 at her son's home in Arcadia, Morgan Co., Illinois.

Sister Neill or "Aunt Ellen" as she was often times called, was a lady of high ideals and one who never forgot that kindness makes all hearts glad. She always had a warm hand clasp and a pleasant word for every one she met and as a member of this organization. We too shall greatly miss her. CITY BOLF LEAGUE HOLDS MEETING

Captains of Various Teams Discuss Matches — Committees Named.

At a meeting of the various captains of the city golf league at the Cloverleaf club last night, the ways and means of promoting the matches were discussed. It was decided to allow the various teams to issue challenges to other teams provided the match is reported to the tournament committee as soon as arranged. The matter of holding a free for all match of all players east of Main street and those west of Main street was an object of discussion. It was not possible that the match could be arranged for Saturday and the preceding Sunday.

Four committees were selected by President Beadle. The first was the tournament committee who will have supervision of all tournaments played. Due notice is to be made to this committee before inter-team matches are played. It is composed of C. Y. Rowe, Wood Phillips and A. R. Gregory.

Membership committee to arrange for organizing the different teams. All captains are requested to file a list of players with them and to make no change without their consent. They are A. W. Osborne, Cass Hamm, Joe McGinnis and John Johnson.

Handicap committee composed of John Johnson, H. L. Caldwell and M. W. Osborne will arrange for handicaps, that the play of the teams might be more evenly balanced. All scores of matches will be turned in to them.

Rules committee consisting of C. Y. Rowe, Clifford Alvies and John Johnson will enforce rules already announced, which govern play on the course, W. S. G. A. rules and ground rules and interpret them for the league. They will also create rules pertaining to the league.

MR. GAGE MADE ADDRESS TO ROTARIANS

The weekly luncheon of the Rotary club was held at the chautauqua dining tent Friday. Members of the club met there last year and so they were fully expecting the excellent service given by the women of the Christian church who are operating the dining hall.

The address of the day was by Charles A. Gage, platform manager of the chautauqua. Mr. Gage, who is experienced both as a platform and informal speaker, told a number of good stories and then emphasized the thought that good cheer is a real asset in life and that gloom is a burden and detriment. Mr. Gage also led in mass singing.

Among the guests of the day were Dr. F. P. Norbury, B. R. Hieronymous and S. E. Moore of Williamsville.

First Cost

YEARLY maintenance and repair costs amount to little or nothing for well-built vitrified brick pavements capable of lasting a generation. A few mills a square yard often is all that is needed for the annual up-keep of all brick pavements in many Illinois communities.

VITRIFIED Brick PAVEMENTS

are inexpensive pavements over this long period of years because first cost is practically "last" cost. Your community will save taxes by paving its streets and highways with brick.

L. & N. ENGINEERS TO REMAIN OFF DUTY
(By The Associated Press)
EVANSVILLE, Ind., Aug. 11.—Louisville & Nashville engineers on the Henderson-St. Louis division voted today to remain off duty until equipment is put into good condition and armed guards removed from railroad property. The action followed the move of the L. & N. firemen to stay away from their posts. Trains this morning were being pulled by engines fired by traveling engineers and firemen supervisors. A complete tieup of the two divisions out of Evansville probably will result from the action of the engineers.

FIND IT IN BOOKS
Spear, Dorothy, "Dancers in the Dark"—This author has had the courage to write a novel about the modern "flapper" of today and her doings. She has missed no gesture, overlooked no inflection. The creature, who is the heroine of this novel, is the despair of her elders, the bewitchment of her comrades, the dark doubt of her serious elder brother and is here shown in full length portrait. The ways of the modern young women have been "exposed" before in other stories but the exposition was masculine and incomplete. The author may shock some of her readers by her frankness with which she describes the flapper at home, on her own in the world, in college and out but the core of her story is sound and wholesome. Beneath the very exterior of the young men and women of today she sees qualities that are no less dependable than those of other times and manners. This is a witty pleasant story of our gay young people, which reveals the thoughts of the girls in a very unusual way. It will prove a most entertaining novel for the reader. Get it at the public library.

Owen, Henry, "Tarrant of Tin Spout." This is a tale of the Texas oil fields and a young westerner, Spence Tarrant, of Tin Spout, is the chief character of interest among all the men in the story all intent in striking a gusher some day. This is a great deal of truck in coming about the leases, and events come swinging about the characters in the story rapidly which makes the story full of real honest melodrama. There is plenty of humor and a pleasing love tale all through the story but the excitement which is characteristic of the oil fields gives the reader a most absorbing thrilling book. Get it at the public library.

FRY ENJOYED BY THRESHING RING

Markham, Aug. 10.—After twenty-three days in the field a "Threshing Ring" Markham and composed of uncles decided to take one and celebrate. Accordingly, all met at the home of J. R. and as far as the dust permit, motored in a body to the farm and held a fish fry, who made the trip were M. and family, R. H. Bim, Fred Carter and wife, J. E. and family, Ruby York, Megginson, Mrs. Minnie and Tom Coultas, Fred and family, W. G. Wolfe, J. and family, Allison Thomson, Mrs. Charles Hicks, Fred Perry and family, Henry

Mawson, Mrs. Alice Janeson, Harry Armstrong, Oscar Burchland. The committee in charge of the arrangements included J. E. Johnson and Ruby York, and they forgot nothing which would in any way add to the interest and pleasure of the day. The amusements were swimming, boating, and pitching horse shoes, in which contest honors were carried off by Ruby York and Fred Killam. The big fish was caught by M. L. Watt but "got away." Fish were fried by Richard Loake and it was excellent. A few of the crowd remained for the boat show in the evening, but the majority started for home about 6 p. m.

CHAUTAUQUA MAKES FINE BEGINNING

SEN. PAT HARRISON MADE PRINCIPAL ADDRESS FRIDAY

Opening Statement Made By President Heinl—Paid Tribute to Memory of Thomas Worthington—Logan, Cartoonist, Gave Evening Program.

Saturday, August 12

Morning—11:00 o'clock
Lecture, "Soldiers of Courage," Chas. A. Gage.

Afternoon—2:30 o'clock
Concert, Mrs. Hackett Wilder, Mrs. Abram Wehl, Mr. Hackett Wilder, Mr. T. J. Brennan.

Lecture, Humorous, Henry Clark.

Evening—7:30 o'clock
Concert, Mrs. Hackett Wilder, Mrs. Abram Wehl, Mr. Hackett Wilder, Mr. T. J. Brennan.
Biblical Lecture, "The Scarlet Band," Mrs. Mable Quam Stevens.

The Brown Jubilee Singers, scheduled for appearance at the chautauqua yesterday, missed their train connection at Peoria, and so did not arrive. However, this fact did not seriously mar the events of the opening day and chautauqua attendants are full of enthusiasm.

Charles A. Gage has entered upon his work as chairman and that means a well managed platform. In the afternoon Senator Pat Harrison made an informal address, and in the evening the audience was greatly pleased with the lecture of the cartoonist, Frank B. Logan. Excellent free hand drawing were given and Mr. Logan entertained also with many sprightly stories.

If the interest shown at the opening day is indicative of succeeding days the attendance record will be broken. There was a goodly audience at the morning hour when Mr. Gage gave his address on "Highways of Hope."

In the afternoon a still larger audience was present when Frank J. Heinl, president of the chautauqua, called the assembly to order and in a brief way reviewed the work of the chautauqua and touched upon some of the high points of this year's assembly.

In beginning Mr. Heinl made appropriate reference to the services of Thomas Worthington, now deceased, who served with great acceptance for a period of years as the president of the chautauqua association. A summary of Mr. Heinl's opening statement is given below.

Partisanship Passes.

The principal address of the afternoon was made by Senator Pat Harrison of Mississippi, who had as his theme "The Trend of Events." Senator Harrison is accounted as the leader of the Democratic forces in the senate and because of his qualities of leadership, his eloquence and logic, he is often heard in debates in the upper house.

The senator yesterday told several incidents to indicate that there is not so much partisanship in the senate as sometimes appears and said that at least 99 per cent of the legislation passed is not the result of party alignment.

He said too that intolerance is a great evil and as men forget their differences and credit others with sincerity of thought and purpose the easier becomes the solution of problems that are of vital interest.

Senator Harrison speaks with the accent of the south and has in his delivery that special charm of eloquence which is not often heard north of the Mason and Dixon line. He made it clear that he is a believer in the league of nations, favors a reduction of the army and navy, will oppose any effort to cancel the war time obligations of the European na-

tions and voiced his opposition to the Republican tariff and the ship subsidy bill.

Praise for Some G. O. P. Men. Altogether Senator Harrison made a consistent Democratic speech but it was not of an intolerant kind. He had occasion to refer in very complimentary way to President Harding, Senators Borah and Watson, and said that as secretary of state Mr. Hughes ranks with any of his predecessors.

One thought that Senator Harrison sought to bring out was how often great results come about from little things. He related how Champ Clark, once while on the way to attend a Democratic convention, stopped to untie a horseshoe that was caught under the board of a fence. The delay was just sufficient to make him miss the train and that one vote changed a national nomination.

Then he related how while the Democratic convention was in session at Baltimore twelve years ago the managers of Mr. Wilson's campaign received by wire his withdrawal from the race but kept it secret and within forty-eight hours had won the fight against Mr. Clark. He recalled the incident of Mr. Hughes' visit to California, where an unintentional affront to followers of Governor Johnson resulted in his defeat for the presidency.

Denies Intolerance.

"One of our worst ills," Senator Harrison said, "is that we are too intolerant and not willing to concede the right of opinion or the correctness of position. This is the essence of the trouble between capital and labor, the intolerance of capital toward labor and the intolerance of labor toward capital. Too often these interests lose sight of the fact that they are absolutely dependent upon each other and that both are essential."

In voicing his position with reference to international relations, the speaker quoted the figures to show the great extent of the foreign trade of the U. S. He said that the U. S. is so related to the rest of the world today that happenings overseas are reflected in conditions here.

The senator classed as one wrong tendency of the times that of taking too many things to Washington and thus letting down on state responsibility. The discussion of the tariff and some other national questions followed, the speaker evidently interesting his audience through with his picture of U. S. senate life and the needs of the country as he sees them today.

Maintaining First Aid Tent.

To the right of the main entrance and beside the secretary's tent, on the chautauqua grounds, is located the first aid station. This station is being supervised by Dr. R. V. Brokaw, county health officer and under the direct charge of the Misses Lucille Stevens and Maud Ryman, of Dr. Brokaw's staff. Boy Scouts will be on hand at the tent at all times. Any time an accident or sudden illness occurs on the grounds the sufferer may be sure of excellent attention.

COULD HARDLY STAND AT TIMES

Hips, Back and Legs would Have That Tired Ache

Everett, Washington.—"For several years I have had trouble with the lowest part of my back and my hips and my legs would ache with that tired ache. I could hardly stand on my feet at times. I was always able to do my work although I did not feel good. I saw Lydia E. Pinkham's Vegetable Compound advertised and having heard several praise it I decided to try it. I feel first-rate at the present time. It has done wonders for me and I keep it in the house right along. I always recommend it to others who are sick and ailing."—Mrs. J. M. Sumner, 4032 High St., Everett, Washington.

To do any kind of work, or to play for that matter, is next to impossible if you are suffering from some form of female trouble. It may cause your back or your legs to ache, it may make you nervous and irritable. You may be able to keep up and around, but you do not feel good.

Lydia E. Pinkham's Vegetable Compound is a medicine for women. It is especially adapted to relieve the cause of the trouble and then these annoying pains, aches and "no good" feelings disappear.

ARENVILLE GARAGE DESTROYED BY FIRE

Flames totally destroyed the Arenville Red Arrow garage Thursday afternoon when a gasoline tank exploded in front of the place. The loss is estimated at \$10,000 and was suffered largely by Charles Kruger, who owned the building. The garage and repair shop was owned by L. L. Wessler, Paul Batlis and Jack Durand. A great deal of the fixtures were saved.

DANCES TO BE HELD AT BASE BALL PARK

Following the action of the South Jacksonville village board in deciding that public dances should not be held near the park during chautauqua, the tents which had been erected not far from the park entrance were taken down yesterday.

It was announced that instead a tent is being erected in the South Side base ball park and dances are to be held there each evening for a ten days or two weeks period.

Dr. P. P. Norbury motored over from Springfield yesterday.

SIR ROCH MEETS HIS FIRST DEFEAT

Finishes Behind Margaret Dillon in Free For All Race—Best Heat is Paced in Two Minutes Flat.

CLEVELAND, O., Aug. 11.—Sir Roch, who paced record breaking races at Columbus and Toledo during the past two weeks met his first defeat of the season today when he finished behind Margaret Dillon, driven and trained by Thomas Murphy, the Poughkeepsie, N. Y. horseman, in the free for all race feature of the Grand Circuit gateway card.

Margaret Dillon won in straight heats taking the first handily but being forced to a drive by Sir Roch in the second. The time for the three miles was the fastest of the season at North Randall.

The American Sportsman Sweepstake for three year old pacers went to Peter Etawah, also driven by Murphy. The gelding won easily in straight heats. After finishing first in the first heat of the 2:18 trot, Trumpator was outdistanced in the second. The event finally went to Tallahatchie. After the finish of the last event the judges announced that Drivers Marvin Childs and Harry Stokes had been suspended for their unsatisfactory driving of Ringwood in the 2:12 pace Wednesday.

PONTIAC ATHLETICS WIN FROM INDEES

Take Close and Exciting Game By Score of 4 to 2—Fryman Was Not in Form and His Passes Were Costly.

Pitcher Fryman of the Indees contributed largely to his own defeat in the game with the Pontiac Athletics at South Side park yesterday afternoon by passes and batters hit in the first and second innings.

Aside from these lapses Fryman pitched an excellent game, holding the visitors to five hits, only one for extra bases. Fryman had the Pontiac batters on his hip with his slow curve ball and they stood and let lots of strikes go by when he threw it.

To show how a pitcher can reverse his form, Fryman after walking three men and hitting one forcing in a run in the first inning then retired the next three batters on strikes.

Both teams played an excellent fielding game, tho each made four miscues during the contest. Hamm in right field played a brilliant game, having five putouts. His best bit of work was his catch of a line drive off the Johnson's bat in the ninth. Christopher made a great catch of Schoonover's drive in the fifth with two down and a man on second. Denney and Kohloff also made some good stops. For the visitors Donica played a beautiful game at short and Silcott made a good running catch off of Christopher in the fourth.

Schimmel for the visitors pitched good ball, but when the Indees hit his offerings they hit them hard. In the seventh successive doubles by Fryman and Denney with two down gave the Indees a run. Johnson took the mound for the visitors in the eighth and held the locals safe thru the two innings he worked.

Story of the Game
First Inning:
Pontiac—Fryman walked Nicholson and Burke and hit Donica with the ball filling the bases. He then walked Silcott forcing Nicholson over. He then struck out Schoonover, Nagle and Roche.

Indees—Denney flied to Nicholson. Wheeler flied to Nicholson. Wheeler was safe on Burke's wild heave of his roller. Kohloff's single sent Wheeler to third. He came on home when the ball got thru Nicholson. Kohloff taking second. Clark was safe on Donica's error. Fanning struck out and Christopher was out Schimmel to Roche.

Second Inning:
Pontiac—Blackburn walked. He started for second and Fryman threw the ball to center field and he went on to third. Schimmel fanned. Nicholson was hit by a pitched ball and stole second. Burke hit to DeFrates who missed it. Blackburn scoring. Donica flied to Fryman and Silcott to Fanning.

Indees—De Frates flied to Nicholson. Ham was out. Schoonover to Roche and Fryman flied to Donica.

Third Inning:
Pontiac—Schoonover flied to Wheeler. Nagle flied to Hamm and Roche was out. Denney to Wheeler.

Indees—Denney out Schimmel to Roche. Wheeler flied to Schimmel. Kohloff was safe on Schimmel's error. Clark singled sending him to second. Both

runners advanced on a balk. Fanning flied to Schoonover. Fourth Inning:
Pontiac—Blackburn flied to Christopher. Schimmel flied to Hamm. Nicholson flied to Wheeler.

Indees—Christopher flied to Silcott, the latter making a great running catch. DeFrates flied to Nagle and Hamm was out. Burke to Roche.

Fifth Inning:
Pontiac—Burke fouled to Wheeler. Donica singled and stole second. Silcott ried to Hamm and Christopher made a great catch of Schoonover's drive.

Sixth Inning:
Pontiac—Nagle out Fryman to Wheeler. Roche singled and went out stealing. Blackburn hit a Texas leaguer which Kohloff dropped after a hard try, giving him a single. Schimmel flied to Kohloff.

Indees—Clark out, Burke to Roche. Fanning singled but was doubled with Christopher. Schoonover, to Donica to Roche.

Seventh Inning:
Pontiac—Nicholson out, Kohloff to Wheeler. Burke walked and took third on Clark's wild heave. Donica out Denny to Wheeler. Burke scoring. Silcott flied to Fanning.

Indees—DeFrates fanned. Hamm out Donica to Roche. Fryman doubled to center. Denny doubled to the same place scoring Fryman. Wheeler fanned.

Eighth Inning:
Pontiac—Schoonover tripled to center. Nagle hit a long foul which Hamm caught. Schoonover scoring after the catch. Roche out Denny to Wheeler. Blackburn singled. Johnson lined to Hamm.

Indees—Johnson took the mound for Pontiac. Kohloff flied to Nicholson. Clark out Johnson to Roche. Fanning out Donica to Roche.

Ninth Inning:
Pontiac—Nicholson walked. Burke hit to Kohloff who started a double killing. Denney to Wheeler. Donica flied to Wheeler.

Indees—Christopher struck out. DeFrates and Hamm out, Donica to Roche. The Score:

NEW FALL DRESSES AND MILLINERY NOW ON SALE AT HERMAN'S.

REPORTED SALE OF WHISKAWAY FOR \$125,000
Saratoga Springs, N. Y., Aug. 11.—H. P. Whitney today notified trainer G. W. Barnes that he had accepted C. W. Clark's offer for the colt Whiskaway and that Barnes might take the 3 year old generally regarded as the champion of this year tomorrow. The price involved was not made public but is generally accepted in turf circles to have been \$125,000.

Whiskaway's new owner who conducts a thoroughbred stud in California, is a son of former United States Senator William A. Clark, called the "copper king" because of his extensive copper mine interests in Montana.

AUSTRALIA TAKES DEFEATS FRANCE

LONGWOOD CRICKET CLUB, CHESTNUT HILLS, Mass., Aug. 11.—The Australian tennis players, Gerald L. Patterson and Pat O'Hara Wood advanced today over the playing representatives of France in the doubles match of the Davis Cup convention.

In another five set match, that was noteworthy alike for the strategy stroke, involved, they defeated Andre Gobert and Henri Cochet 6-0, 6-8, 4-6, 6-3, 10-8.

The effect of the victory which they gained after a tussle that alternately went the way of France and then the way of the "land down under" was to make it necessary for the Antipodians to win only one of the two singles matches scheduled for tomorrow to qualify them to meet the men of Spain in the final match of the preliminary round at Philadelphia. Patterson, victor over Gobert yesterday, meets the young star Cochet tomorrow; O'Hara Wood defeated by Cochet will match strokes with Gobert.

WALTER JOHNSON HELPED SENATORS TO WIN

Boston, Mass., Aug. 11.—Walter Johnson's bat scored three runs for Washington and proved an important factor in the defeat of Boston 5 to 4. In the ninth the Red Sox staged a triple play Rice and S. Harris singled off Piercy who was then relieved by Russell. On the first ball pitched Milan bunted in front of the plate. Ruel threw to Pittinger at third forcing Rice and Pittinger threw to Burns forcing Milan. Burns returned the ball to Pittinger who tagged out S. Harris, trying to make third on the play.

PRICE OF WHEAT
HIT LOW MARK
 By Associated Press.
 CHICAGO, Aug. 11.—In absence
 of buying support wheat slipped
 down today to prices below any
 heretofore touched this season.
 The close was unsettled at 1½¢ to
 1½¢ net decline with Sept. \$1.04½
 to \$1.04½ and Dec. \$1.04½ to
 \$1.05. Corn lost 1 cent to 7½¢
 and oats 1 to ½¢. In provisions
 the outcome varied from 2½ cents
 off to 1½ gain. Weakness in the
 wheat market was more apparent
 during the last thirty minutes of
 trading but a downward tendency
 of values has been shown from
 the start.

Primary receipts of wheat were
 again in excess of last year and
 arrivals from the new spring crop
 were reported as gradually becom-
 ing larger. Moreover harvesting in
 the northern portion of the spring
 crop belt was said to be making
 excellent progress with yields
 generally good.

It was officially estimated that
 the Canadian crop would be 20-
 000,000 bushels larger than last
 year but the estimate was 20-
 000,000 bushels less than the
 trade had expected.

Corn and oats reflected the ac-
 tion of wheat. Dealings were
 almost entirely local.
 Provisions average higher with
 hogs and as a result of some ex-
 port buying of meat.

BIRTHDAY SURPRISE AT HOME NEAR MERRITT

Mrs. Ada Korty of Merritt was taken by surprise Sunday, Aug. 6, when a large number of relatives and friends arrived at her home about 11 o'clock with baskets laden with good things and stated that they came to help her celebrate her birthday anniversary.

At noon two large tables were spread and all enjoyed the numerous good things to eat which were carefully prepared for the occasion. Besides the large number of other nice cakes there were three large birthday cakes with birthday decorations and candles.

Music and conversation served as the entertainment for the day. Mrs. Korty was the recipient of some nice presents.

At a late hour all departed for

their homes after spending a pleasant day and wishing Mrs. Korty many more happy birthday anniversaries.

EVANGELISTIC MEETING

The evangelists, Mary Renfro Wallace and Carrie Swan, are having Gospel meetings in a tent on North West street, fourth lot north of Wabash railroad. Meetings will begin Sunday night at 7 o'clock and everyone is invited to attend.

RETURNS FROM WILCOX

Mr. and Mrs. John Knapp returned yesterday from an outing of several weeks at their cottage at Wilcox Lake. They plan to remain in the city during the days of the chautauqua.

The Chautauqua for 1922

In his opening statement at the Jacksonville chautauqua yesterday, Frank J. Heintz, president of the organization spoke in part as follows:

Upon me devolves the pleasant official duty of formally opening your chautauqua for 1922. In a feeble way I am, inadequately enough, filling the place of one who after loyally serving the chautauqua for six years recently passed on.

Tribute to Mr. Worthington
I think the first duty which the chautauqua owes to its own history and to the community, on reassembling, is to notice the great loss which the chautauqua has sustained, and which the community has sustained, by the death of its late president.

As a citizen he was deeply interested in every phase of community betterment and to everything that interested him he gave the best there was in him. To the college which was dear to him, to the Social Service league and many other civic and social organizations he gave as loyal and faithful service as to the chautauqua. A man of the highest ideals, of broad information and superior judgment, his counsel was highly regarded by all who knew him.

His intellect, his culture, his varied learning which revealed themselves in all his efforts, justify the application to him of Johnson's felicitous expression "he touched nothing which he did not adorn."

I need not dwell for a moment upon the purity and beauty of his daily life, upon his devotion to his family, his fidelity to his friends, his integrity as a man, his untiring willingness and eagerness to do kind and obliging things for all who asked them at his hands, at any cost of time and trouble to himself.

I want to say on behalf of those who are cooperating with me in the promotion of this chautauqua that I am expressing their sentiments when I say that the services which I have mentioned and the qualities which I have referred to evoked from us the greatest admiration and esteem.

He is gone, and we are immeasurably poorer that his presence no longer adorns our assemblies.

His family, his friends and the entire community have suffered an irreparable loss in the death of Thomas Worthington.

"His life was gentle, and the elements

So mixed in him, that nature might stand up
And say to all the world,
"This was a man."

We consider our program ranks with those of the noted independent assemblies and is much superior to those of fully 95 per cent of the chautauquas. If you doubt this statement, just take the trouble to discuss the matter with the talent or compare our program with others.

Incidentally the word "chautauqua" is a misnomer so far as this assembly is concerned. This is more, much more, than a chautauqua and should not be confused with the usual run of chautauquas.

I am quite sure that we do not always get the best there is in our attractions for the simple reason that we are slow or careless, perhaps both, in showing appreciation of their efforts. Jacksonville audiences have always had the reputation of being cold. Musicians, speakers, entertainers, all appreciate evidences of appreciation of their work and the sooner an audience warms up, the more it gets.

Show Show Appreciation.
A few years ago a noted humorist appeared on this platform. He had the goods with him and began to deliver them. I thought that the audience was enjoying him immensely, but it was not responsive. He thought that because he got no applause or hearty laughs from his hearers that he was shooting over their heads and after a bit got discouraged and winked out. The audience were entitled to a delightful evening and was itself to blame for not getting it. If you have ever faced an audience, you will understand.

If you want the best the attractions have with them, give them a hearty hand early in the game. It pays big to do so.

I cannot forbear calling your attention to the prompt and regular appearance of our attractions just as advertised for a number of years past. Time was when just criticisms were made of tardiness and non-appearance of talent.

A glance at the programs for several years past will show that there were exceedingly few disappointments of this kind.

When one considers the number of persons from distant points who come on to this platform each year, the distances traveled, the frequent changes in railroad schedules which upset routings, the tardiness of trains, misunderstandings as to time and date and the physical afflictions to which talent leading strenuous lives is subject, the record of this chautauqua for five or six years is nothing less than remarkable.

The Park Board is giving the chautauqua most kindly consideration and the thanks of the management and patrons are due it for its friendly attitude.

A word as to chautauqua employees. You will notice in the service of the chautauqua familiar faces. The management has always been exceedingly careful to the selection of employees and has retained in services from year to year all who have been efficient and would serve it, hence it has a trained corps of employees. They are here to help you and make everything as pleasant as possible for all. In handling our crowds all sorts of situations and problems arise—all sorts of kinks must be straightened out. We believe you will find all employees considerate and kindly and if

anything goes wrong just be good-natured and patient and it will be corrected, if possible.

Much of the success and orderliness of the assembly is due to its loyal and efficient employees.

Praises Directors.
A word as to the management. The directors are all busy men, most of them very busy men. They give unstintingly of their time and energy. Few of you have any conception of the amount of hard work there is in promoting this assembly. It would take a fat roll of bank bills to buy such services, if they could be bought at all.

About the only reward a director gets is the knowledge that he has served his community and some good for his fellows.

I have often looked into the faces of our audiences made up of happy, eager, intelligent countenances. I mingle with the crowds, help some times at the gate, visit the auto parking places, the playground, the campers' reservations, eat at the dining hall, buy peanuts at the refreshment stand, assist at the secretary's, tent occasionally, listen to suggestions and complaints and interview the talent for pointers and suggestions. I know most of the chautauquas I have observed many audiences in our own community and quite a number elsewhere.

I am proud of our chautauqua—any one may well be—not only for their size, but their Godliness, their patriotism, their homeliness, their character, their intelligence, their progressiveness, their orderliness, their spirit and good-fellowship. Not many communities anywhere on earth can gather such audiences.

If you doubt this ask, as I have often done, the well known speakers who come here, many of whom have spoken all over America and in foreign lands. Fortunately the community which can produce such audiences.

I want to thank my associates on the directorate for their generous support and assistance.

If our chautauqua is to continue and grow, it must have, sooner or later, larger grounds and a permanent pavilion, etc.

Need of More Room.

We should have more room for campers and the parking of autos is a problem. I wish Henry Ford would now concentrate his genius on the quantity production of parking places. A permanent pavilion would be advantageous in many ways.

During the war period and since, the cost of building has been such that the consideration of permanent improvements was postponed.

It would seem that some spot could be found in the vicinity of the lakes which would afford ample room for permanent equipment, easy access and accommodations for large audiences.

Grounds and equipment suitable for the chautauqua would also provide accommodations for other gatherings such as summer schools, etc., and local affairs.

It is a matter of common knowledge that several organizations have considered Jacksonville as a site for summer camps and training schools. The stumbling block is buildings and equipment.

Suitable chautauqua grounds and equipment would accommodate these organizations and would probably be the means of bringing to Jacksonville numbers of strangers during the summer months.

Much of the success of any chautauqua depends upon its platform manager. The chautauqua which has a platform manager who can please both talent and audiences, and keep them in good humor and can also lecture and sing and do all three well is in luck. It is a pleasure to present—not introduce as most of you know him—Dr. Charles A. Gage, your platform manager.

DEATHS

Charlton.
Andrew Watt Charlton, infant son of Mr. and Mrs. A. W. Charlton passed away at the New Home Sanitarium at seven thirty o'clock yesterday morning. The remains were removed to the Gillham Funeral Home and will be interred today in East cemetery. Detailed funeral arrangements have not been completed.

Holley
Miss Martha Holley passed away yesterday afternoon at 2 o'clock at the home of her parents, Mr. and Mrs. George Holley, one mile east of Arnold.

The deceased was born September 10, 1905, in the same home in which she died. Next fall she would have been a member of the Junior class of Jacksonville High school. She was a member of Pisgah Presbyterian church and Sunday school and always took a prominent part in religious activities. At one time she held the office of secretary of the Sunday school. During her last illness she was noted for her quiet, patient manner. She had only been sick for three weeks, pneumonia being the cause of her death.

She is survived by her parents and one sister, Elizabeth, age 12. Funeral services will be held at the residence Sunday morning at 10 o'clock in charge of Rev. William Tease of Pisgah Presbyterian church. Interment will be made in Diamond Grove cemetery.

PASSED THRU CITY

Mrs. Herbert Denham passed thru the city from White Hall yesterday on her way to Decatur for a visit with her sister, Mrs. Chas. Gebhard.

PRETTY WEDDING AT WOODSON LAST NIGHT

Miss Claribel Megginson of Woodson becomes bride of Frank L. Merrill of St. Louis—Groom Formerly Resided Here.

The marriage of Miss Claribel Megginson of Woodson and Mr. Frank L. Merrill of St. Louis was solemnized at 6:30 o'clock Friday evening at the home of the bride's mother, Mrs. Nettie V. Megginson, in Woodson. The simple but impressive ceremony was said in the garden at the Megginson home, Dr. G. W. Miller of Woodson officiating. The young people were unattended.

Preceding the ceremony Miss Dorothy Hite of this city gave two piano numbers, "Liebstrum" by Liszt and Cadman's "At Dawning." Miss Hite played the Lo-hengrin Bridal chorus as the bride and groom took their place before the minister, and as the ceremony proceeded "The Old Re-frain" by Kreisler was played. Following the ceremony Miss Hite played the Mendelssohn wedding march.

The bride's gown was of heavy white Canton crepe and she carried a bridal bouquet of roses.

Following the ceremony came an informal reception attended by relatives and a few intimate friends of the bride and groom. Mr. and Mrs. Merrill left last night for Springfield and after a brief visit there will go to St. Louis, where they will be at home at 4058 Lindell boulevard.

The bride is one of the well known and popular young women of Woodson, having spent all her life in that community with the exception of the years she spent in this city while studying voice and piano at the Conservatory of Music.

Mr. Merrill is the son of Mr. and Mrs. James Merrill of 722 West College avenue. He is a graduate of the local high school and later attended Illinois college. He served for over a year overseas in the world war and his army record was one in which he could take pride. Mr. Merrill is now connected with the George D. Barnard Co. of St. Louis, serving as manager of the cost department and has made a splendid record in the important work coming under his supervision.

Mr. and Mrs. Merrill have a large number of friends to extend congratulations and best wishes, and their wedded life begins under very happy auspices.

Among the guests from a distance present at last night's ceremony were Miss Lena Megginson of South Bend, Ind., a sister of the bride; Mr. and Mrs. Fred Rook of St. Louis and Miss Ruth Moore of Chicago.

NEW FIRM BEGINS BUSINESS IN CITY

Hieronymus Bros. Have Electrical Supply Established on South Sandy Street.

B. R. and L. F. Hieronymus, who have recently become residents of Jacksonville, have opened a business establishment in the Franks building, 221 South Sandy street, to be known as the Domestic Electric Products Co.

B. R. Hieronymus came to this city from Beardstown and his brother is to arrive shortly from Winchester, where he has been in business. The firm will sell all kinds of electrical supplies, including fixtures, stoves, washing machines, fans and refrigerators. Contracts for wiring will also be taken. Electrical equipment for country homes will be included in the extensive lines to be carried.

Part of the stock has arrived and other shipments are expected in the course of a very few days. Frigidaire is the name of an iceless refrigerator Hieronymus Bros. will feature and one is now on display at the South Sandy street establishment.

Both members of the firm are young men of experience in the line of work they are undertaking. They have excellent connections and have impressed Jacksonville people who have met them as desirable additions to the business life of this city.

STYLE SHOW PLANNED AS FAIR ATTRACTION

May Be Given By Group of Jacksonville Merchants.

A style show is in prospect as a feature of the Morgan county fair. A number of merchants, especially interested in wearing apparel for men and women are to meet this morning at the chamber of commerce to discuss the project. The plan is to present a style show in a tent especially for the purpose with ample platform and seating space.

If the plans under consideration are worked out, vaudeville and musical features will be interspersed with the style exhibits, the whole making up a very pleasing program and a real fair feature.

NUMBER OF CORPORATIONS SHARES INCREASED

A certificate was filed with Secretary of State Emerson yesterday indicating that the number of shares of the Commercial Investment Co. of Jacksonville had been changed from 2,500 to 5,000. The capital stock of the corporation is \$250,000.

LEAVES AFTER VISIT

Miss Lucille Lonergan of Chicago will return to her duties in that city this morning after a pleasant visit with her parents, Mr. and Mrs. Richard Lonergan, at their home, 257 Michigan avenue, and other relatives and friends.

CITY HALL EMPLOYEES GET ANNUAL TREAT

Employees of the city hall enjoyed their annual treat yesterday when Col. O. C. Smith of the state school for the deaf, sent down a large freezer of ice cream and an abundance of cake. The employees wish to express their appreciation to Col. Smith for his generosity and thoughtfulness.

WILL MOTOR TO TAYLORVILLE

Mr. and Mrs. J. U. Collins and daughter, Esther of South East street, accompanied by Mr. and Mrs. George Christinia of Mercedia, will start this morning by auto for Taylorville. They plan to return Sunday evening.

Mr. and Mrs. J. L. Emerick were city arrivals from Winchester yesterday.

UNDERGROUND WIRES MAY BE INSTALLED

Harry F. Walker, plant chief of the Illinois Telephone company, has returned from Bluffs where he has been on an inspection tour. The lines in that vicinity are in such a condition that they will have to be rebuilt in the near future and the wires will probably be laid underground.

Mr. and Mrs. George B. Kendall and family have gone to Lake Matanzas for a visit at the cottage of Mr. and Mrs. H. E. Kitter, Mr. and Mrs. C. R. Gibson have been visiting the Kitter's there.

Mrs. W. T. Keeney of Chicago is visiting her parents, Mr. and Mrs. J. Cowgill of East North street.

MRS. JONES HAS VISITOR
Mrs. W. S. Jones of Mound Road is entertaining Miss Fern Pickett of St. Louis.

BERDAN BOY SCOUTS CAMP AT PARK

Members of the Boy Scout troop of Berdan are in camp at Nichols park and will leave this morning for Lake Matanzas. After spending a day or two there the Scouts will cross the river on a journey south to Bartholomew Beach near Campsville, where they are to spend several days.

The whole trip will occupy week. David Reynolds is the scout master and the members of the troop on this expedition are Roland Haviland, Robert Pinkerton, Don Pinkerton, Nick Crawford, James Doolin, Mark Hartman, Carl Peters, Ernie Norton, Jesse Barnes, Jeff Dickson, Ursul McQuarrey, Don Pinkerton and Elmer Nash.

Mrs. W. G. Rice and daughter Virginia helped represent the house in the city yesterday.
